REGION 10

1200 Sixth Avenue, Suite 900  
Seattle, Washington 98101-3140

OFFICE OF THE  
REGIONAL ADMINISTRATOR

SEP 15 2011

Mr. Ted Sturdevant  
Director  
Washington Department of Ecology  
PO Box 47600  
Olympia, Washington 98504-7600

Dear Mr. Sturdevant:

A handwritten signature in blue ink, appearing to read "Ted", followed by a horizontal line.

Thank you for your letter dated August 25, 2011, regarding the Wyckoff Superfund site on Bainbridge Island. I appreciate the commitments you have made to funding operation and maintenance of the groundwater extraction and treatment system at the Site, especially in this time of severely constrained budgets. It is my understanding that our respective staff are sharing technical information related to the extraction and treatment system to facilitate that transfer in April 2012. In addition, we are actively planning for the additional work we have committed to and look forward to engaging with your staff over the coming months on these technical and policy issues as well as language for a Superfund State Contract.

If you have any questions or wish to talk more about the Site, I would be happy to have the discussion with you during our next regularly scheduled call.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dennis", enclosed within a large, stylized oval.

Dennis J. McLerran  
Regional Administrator
